Driven Mechanical Engineer with a keen interest in Front End Development, eager to apply technical acumen and problem-solving skills to create captivating web interfaces. Seeking an entry-level position to contribute fresh perspectives and learn from experienced professionals in a dynamic team environment.

WORK EXPERIENCE

Profound Edu-tech PVT. Ltd

Full-stack Developer Intern

Remote

- During my time as a Full Stack Web Developer intern at Profound Edu-tech in Nashik, I gained practical skills in building websites for clients. My main focus is on creating websites that not only look great but also work smoothly. I am skilled in various programming languages like HTML, CSS, JavaScript, PHP, React, and Python. I have experience working on websites for different industries like blogging, finance, e-commerce, and education.
- I enjoy working with other web developers and designers to make websites that match what the client wants. I am dedicated to staying updated with the latest trends and best practices in the industry. I attend professional web development courses to improve my skills.

PROJECTS

Social Media Web-App

React.js

Built a modern social app with a stunning UI with a native mobile feel, a special tech stack, an infinite scroll feature, and amazing performance using React JS, Appwrite, TypeScript, and more.

Video Sharing App

React-Native

Built with React Native for seamless user experiences, Animatable for captivating animations, and integrated with the dependable backend systems of Appwrite, this app showcases impressive design and functionality, enabling seamless sharing of AI videos within the community.

Iphone 15 Pro website UI Clone

React.js

Recreated the Apple iPhone 15 Pro website, combining GSAP animations and Three.js 3D effects. From custom animations to animated 3D models.
